## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/13/2007 has been entered.

### ***Allowable Subject Matter***

2. Claims 1 – 28 are allowable.

The following is an examiner's statement of reasons for allowance:

Independent claim 1, when considered as a whole, is allowable over the art of record. Specifically, prior art of record fail to clearly teach or suggest the claimed limitation of, in a navigation system for guiding a user to a destination, displaying at least one function key for selecting a group of points of interest (POIs), selecting an unwanted POI name in the POI name list, selecting the function key for specifying a *group* of POIs in the POI name list, removing all POIs that coincide with *both* the selected unwanted POI name and the selected *group* of POIs from the POI name list.

Independent claim 8, when considered as a whole, is allowable over the art of record. Specifically, prior art of record fail to clearly teach or suggest the claimed limitation of, in a navigation system for guiding a user to a destination, displaying *both* a first function key for

specifying a name of POIs and a second function key for specifying a *type* of POIs, selecting an unwanted POI name in the POI name list, selecting either the first function key for removing POIs having the unwanted POI name or the second function key for removing POIs of the same type as that of the unwanted POI name, and removing all POIs having the unwanted POI name from the POI name list when the first function key is selected and removing all POIs in the same type as that of the unwanted POI name when the second function key is selected.

Independent claim 15 is a means for implementing the method of independent claim 1, and is thus allowable, because independent claim 1 is allowable.

Independent claim 22 is a means for implementing the method of independent claim 8, and is thus allowable, because independent claim 8 is allowable.

Dependent claims 2 - 7, 9 - 14, 16 - 21, and 23 - 28 further add limitations to the allowable subject matter of the corresponding independent claims, and thus are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
